EDUCATION

Master of Computer Applications , VTU, Acahrya Institute of Technology : CGPA 8.94/10	Expecred Sep-2024
Bachelor of Computer Applications , Kuvempu University, Sahyadri Science college : CGPA 7.78/10	2019 - 2022
PU (12th) , Karnataka Pre-University, MDF INDP PU College : CGPA 7.26/10	2017 - 2019
SSLC (10th) , CBSE, Hongirana School of Excellence : CGPA 8.2/10	2013 - 2016

EXPERIENCE

Internship	Nov 2023 - Dec 2023
<ul style="list-style-type: none">Successfully completed 6-week Internship as a Data Analyst offered by Edunet Foundation in association with IBM, leveraging SkillsBuild and IBM Cloud Platform in emerging technologies such as AI and Cloud.Gained familiarity with IBM platforms, specifically IBM Cloud for data analysis and Watson Studio for chatbot Development.Accomplished a data analysis project forecasting Mobile Price Classification, demonstrating proficiency in data interpretation and predictive modeling.	

PROJECTS

Cost Efficient Home Surveillance System	Link to Demo
This IOT project entails the development and deployment of an intelligent surveillance monitoring system utilizing the Python programming language using Raspberry Pi 4 model B controller.	
Mobile Price Classification	Link to Demo
Executed a data analysis project forecasting Mobile Price Classification, accurately predicting price tiers with high accuracy, demonstrating strong skills in data interpretation and machine learning algorithms.	
Working basic Analogue Clock using HTML and CSS	Link to Demo
It defines a visually appealing clock interface using CSS styling. It features a circular clock face with numbers 1 to 12 positioned around it. Additionally, it's a graphically appealing art work.	

SKILLS

Technical Skills	Java, Python,SQL, HTML, CSS, MS Excel, MS Word
Soft Skills	Team Management, Troubleshooting, Leadership, Incident Management

CERTIFICATES

- Data Base Management System NPTEL, Online Certification.
- AWS Academy Cloud Foundation by AWS.
- Software Engineering: Modeling Software Systems using UML.
- Journey to cloud: Envisioning your Solution by IMB.
- Core Java certification by Internshala.
- Web Development by AICSM.

AREA OF INTEREST

- Operating System Fundamentals.
- Team Management.
- Internet of Things.
- Web Technologies.
- Cloud computing.
- Networking Concepts

EXTRA-CURRICULAR ACTIVITIES

- Figma Designing.
- Canva Editing.
- [NFT Creator at OpenSea](#)

DECLARATION

- I hereby declare that above mentioned information's are true to the best of my knowledge and belief.
